

IRC League: Winning Prize Terms and Conditions

IRC League is a big audacious goal to motivate students to take up Science and Technology as careers. As a part of this motivation, we expose the winners of the League to the world of Science and Technology outside India by providing them sponsorship to participate in the International version of IRC League.

The below are the terms and conditions of the sponsorship:

1. The sponsorship is provided to the overall winner of the IRC League and **not** to the winners of the individual category. The maximum score in any category is 1000 points and the overall winner across different categories would be the team that secures highest points (the points would be normalised across different categories).
2. The sponsorship money for this award goes towards the payment of the team's Air Fare and the VISA fees. The boarding and lodging of the trip would have to be **borne by the participant** himself or herself.
3. In case if the applicant's VISA is not approved, IRC League would not be liable for the same and the sponsorship for the airfare for that applicant would stand annulled and any form of reimbursement would not be provided to the participant.
4. The sponsorship is non-transferrable in nature and would not be transferred to any other individual in any which ways.
5. Only those participants and the Coach would be considered eligible for the sponsorship who actually participated in the competition and won. Any replacements provided by the participating school or team shall not be considered eligible.

I, _____, Team Captain of _____, declare that the above Terms and Conditions are acceptable to me.
